Adopt a Camper and

# Send a Child to Camp - Today!

**Your donation to the Zajac Ranch for Children Campership Program can help a child's dream become a reality**

The Zajac Ranch for Children Campership Program subsidizes the fees of each and every camper by an average of 49%. However, for many of our campers even subsidized fees are a strain on family finances. With the help of our Campership Program partners, we can subsidize needy campers and ensure that no child is turned away.

By sponsoring a child, a cabin group, or an entire camp session, you can give the gift of summer camp to children with serious and chronic illnesses and disabilities. They'll be able to ride horses, paddle kayaks, and even soar through the air on our high ropes course, while their medical needs are cared for at our 24-hour Medical Centre.

## YES, I/we would like to help!
